Decision Support Briefing

Highlights

What	Where	When	Impacts
No Significant Rainfall	Entire Area	This Week	None
Above normal temperatures thru early Tuesday, then a trend towards normal temperatures for the middle and latter portions of the week.	Entire Area	Through Friday	None

Decision Support Briefing

Highlights

- Isolated showers will be possible again this afternoon with scattered showers possible along a cold front on Tuesday. There may be an isolated thunderstorm over southeast Illinois Tuesday afternoon just ahead of the cold front, but little if any threat for organized thunderstorm activity.
- Temperatures are expected to average above normal into Tuesday before a trend towards near normal temperatures for the remainder of the week.
